

Model Tours

Model Tours provide a unique professional development and networking opportunity for schools within the MWS program. Host schools share their journey of arts integration and provide an opportunity for guest schools to see the process in action. This collaborative model supports peer-to-peer learning, providing participants with resources and real-life examples of collaboration, community involvement, teaching and learning, and infrastructural systems within the model school's program and design.

Hosting Schools

- Offer three (3) tour opportunities between October and March
- Provide three (3) to (4) hours of training and include:
 - model demonstration lessons
 - guided campus tours
 - a networking and debriefing session with the school's program administrators
- Tailor tours to meet the needs of the participating campus
- Facilitate the tours and participate in the debrief discussion. *Principals should be available to participate in the debriefing discussions.*
- Provide the visiting school with the tour agenda one (1) week prior to the scheduled event
- Provide participants copies of lesson plans and the MWS Model Tour Reflection Form upon arrival

Hosting schools are encouraged to collaborate with advisors and visiting school project directors to plan your event. A sample Model Tour schedule is located in the resource section the member page.
